

WHAT IS THE BED BLITZ?

10 Years of Community

For ten years, The Bed Blitz, a West Bloomington Revitalization Project (WBRP) program has shown what happens when a community takes care of its own.

This community has built beds, delivered comfort, and made sure every child feels seen and supported.

The Bed Blitz connects neighbor in need with neighbors that are able to help.

WHAT DOES THE BED BLITZ PROVIDE?

Beds

Each recipient receives a Tempur-pedic mattress, generously donated by Shermans, hand-made twin bed frame and slats.

Necessities

Each new bed also comes with a mattress protector, sheets, pillows, blanket or quilt, laundry detergent, books, hygiene kits and tools for assembly,

Delivery

In 2025, our program was able to achieve 100% delivery to every family in the program.

WHY BEDS MATTER?

Comfort

The sleep we get impacts every aspect of our day. For kids in our community, it is the energy and focus needed for school, activities, homework and relaxation.

Stability

Safety and comfort, certainty on where they will lay their head at night, and a space all their own.

Community

A bed tells a child that their community cares about them. Hope, connection and a reminder that neighbors show up when it matters most.
